THE PROJECT

Modern Industrial Park is a pioneer Industrial Park development situated at Kibaha District, Coast Region in Tanzania. The park is 71.5 kilometers from Dar Es Salaam city center and Dar Es Salaam port, and 49.5 kilometers from the upcoming Bagamoyo port. The project sits on a land area of 1077 acres (4,358,468 m²) which has 220 plots of which 202 plots are for industrial use the rest are for commercial, social and public land uses. The industrial use of the project include: heavy industries, general industries and special industries.

The geographical location of the Modern Industrial Park is 6046'25.70"S 38043'13.99"E, (-6.7738070, 38.7205530) The smallest industrial plot is 0.85 acres (3,359.1 m²) and the largest plot is 27 acres (109,269 m²)

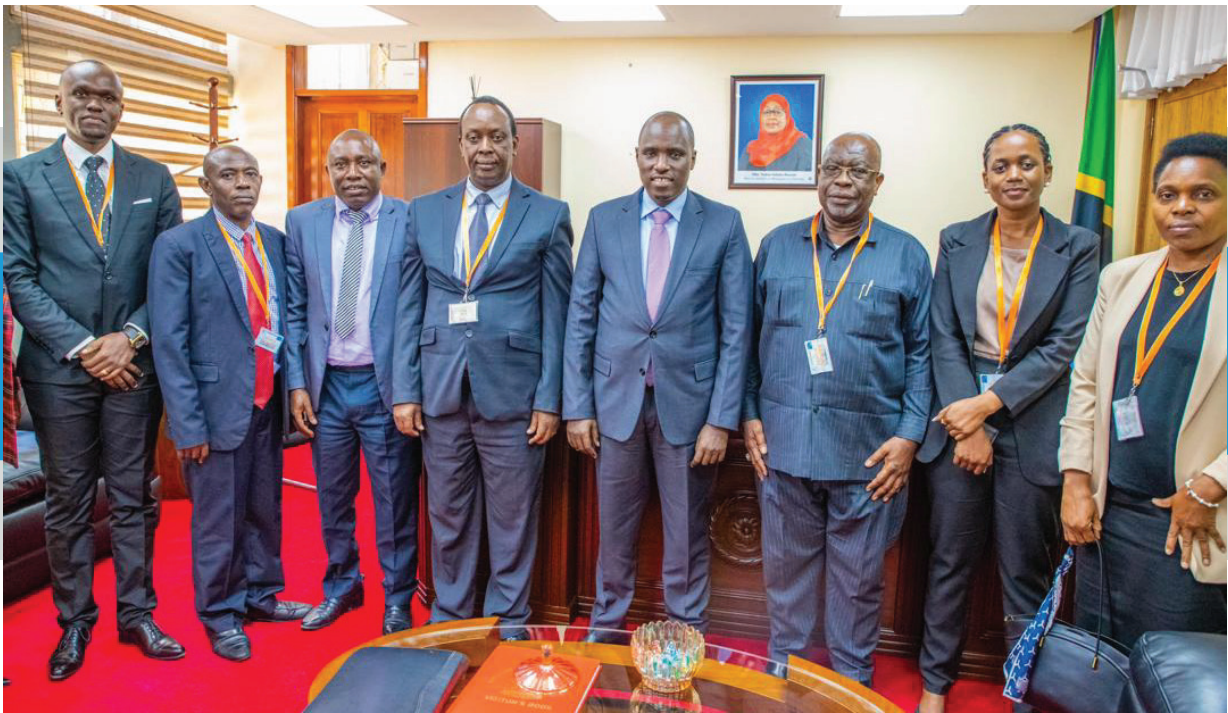

Total Investment Cost
USD 1.4 Billion (≈TZS 3.5 Trillion)

Yearly Turnover
USD 2.8 Billion (≈TZS 7.0 Trillion)

Direct Employment
30,000 Jobs

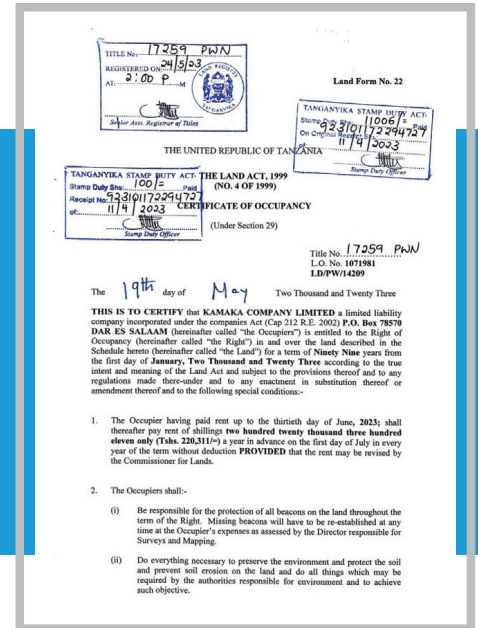

Indirect Employment
200,000 Jobs

DISTINCT PROJECT ADVANTAGES

1 READY TITLE DEEDS

- Upon Completion of payment through ESCROW account, title deed will be transferred within thirty (30) working days
- Total 202 title deeds for industrial plots as per approved land use map
- Building permit facilitation services can be provided by the Authorized Sales and Marketing company
- An Investor can start construction immediately

2 LAND, INDUSTRIAL AND ENVIRONMENTAL LAWS COMPLIANCE

The Industrial Park land is zoned and subdivided in accordance with the land, industrial and environmental laws requirements. Modern Industrial Park is an environmental compliant project and has a Strategic Environmental Assessment (SEA) Certificate issued by the Government of The United Republic of Tanzania.

An official visit at the Modern Industrial Park by the former Minister for Lands, Housing and Human Settlements Development, Hon. Jerry Silaa accompanied by the District Commissioner for Kibaha Coast Region, Hon. Nickson John, to inspect the project as part of compliance with the land laws of Tanzania.

MINISTER FOR INDUSTRY AND TRADE – PROJECT VISIT

Minister for Industry and Trade, Hon. Dr. Selemani Jafo accompanied by other leaders including Kibaha District Commissioner Hon. Nickson John, visited Modern Industrial Park. Touring the facilities, the Minister expressed satisfaction for the remarkable progress and innovation. The visit underscores the government's commitment on fostering trade as well as manufacturing industries.

MINISTER OF STATE VICE PRESIDENT'S OFFICE (UNION AND ENVIRONMENT) – PROJECT VISIT

Hon. Dr. Ashatu Kijaji, Minister of State Vice President's Office (Union and Environment), along side with Hon. Abubakar Kunenge, Regional Commissioner for Coast Region and Hon. Nickson John, Kibaha District Commissioner, on a project visit at the Modern Industrial Park. The government envisions a thriving future for industrial investments through this Park.

4 UNIQUE PARK SERVICES

◆ ELECTRICITY SUPPLY

Reliable **Electricity** supply network to reach each plot

The current electricity rate is \$0.08/Kwh

Deputy Permanent Secretary for Ministry of Trade and Industry Ambassador Dr. John Simbachawene at the Modern Industrial Park Power Substation

◆ WATER SUPPLY

Reliable **water** supply network to reach each plot

The current water rate is \$0.7/m³

The Board of Directors of Dar es Salaam Water Supply and Sanitation Authority (DAWASA) conducted an inspection to ensure consistent water availability and reliability at Modern Industrial Park. This initiative is crucial for maintaining operational efficiency and sustainability of the park's industrial activities.

Project inspection by the Management of Dar es Salaam Water Supply and Sanitation (DAWASA) to ensure water availability and reliability at Modern Industrial Park

◆ INDUSTRIAL DIVERSITY

The presence of diverse range of compatible industries within the park facilitates networking and synergistic relationships

Investors opting for an industrial plot designated for heavy industry usage

♦ FIRE FIGHTING AND RESCUE SERVICES

- Fire hydrants positioned at a maximum distance of 150 metres from each plot.
- Fire station at the park with 24/7 fire fighting and rescue services.

♦ ADMINISTRATIVE SERVICES

Established administration block as a one stop center for government services and park management services.

♦ ROADS AND DRAINAGE

The Park is established with external and internal roads network for efficiency and effectiveness of park activities as well as drainage system and main drainage channel for flood control.

♦ BUILDING PERMIT FACILITATION AND FACILITATION ON COMPLIANCE WITH ENVIRONMENTAL LAWS

We collaborate with the National Environment Management Council (NEMC) professionals to streamline the issuance of Building Permits and Environmental Impact Assessment (EIA) certificates for investors.

◆ INTEGRATED FACILITIES

Complete integrated facilities and amenities are available that allow investors to reap the best economic advantages. We are working hand in hand with the central government, local government and Tanzania Investment Centre (TIC) in providing services to investors.

◆ LEASING OF INDUSTRIAL SHEDS

PROXIMITY TO THE COMMERCIAL CITY OF DAR ES SALAAM

Dar es Salaam city offers significant advantages for Modern Industrial Park, including easy access to a large consumer market due to the city's status as Tanzania's commercial city. Dar es Salaam's extensive transportation infrastructure, encompassing seaports, railways, International airport and highways, facilitate efficient import and export operations to investors, thereby reducing costs.

The city's populous urban center attracts a skilled workforce, simplifying recruitment for various roles within the Modern Industrial Park. Businesses benefit from proximity to supplier networks and a wide range of support services, including banking and legal assistance. Additionally, Dar es Salaam's role as a center for government and regulatory institutions streamlines processes for obtaining permits and approvals, enhancing operational efficiency.

NEARBY INTERNATIONAL AIRPORT

The Julius Nyerere International Airport

Is about 73.3 kilometers from Modern Industrial Park. Transport of passengers and cargo to and from global destinations can be facilitated through this airport.

RAILWAY LINES

The Standard Gauge Railway with a speed of 160 km/hr from Dar Es Salaam City to East African Countries connects with the Modern Industrial Park through the Ruvu Terminal. A railway line from the Ruvu terminal will connect with the park through the Modern Industrial Park Dry Port.

The Tanzania-Zambia Railway (TAZARA) whose main station is located in Dar Es Salaam can transport passengers and cargo to and from SADC countries

Hon. President, Dr. Samia Suluhu Hassan launching the Standard Gauge Railway (SGR) electric train services.

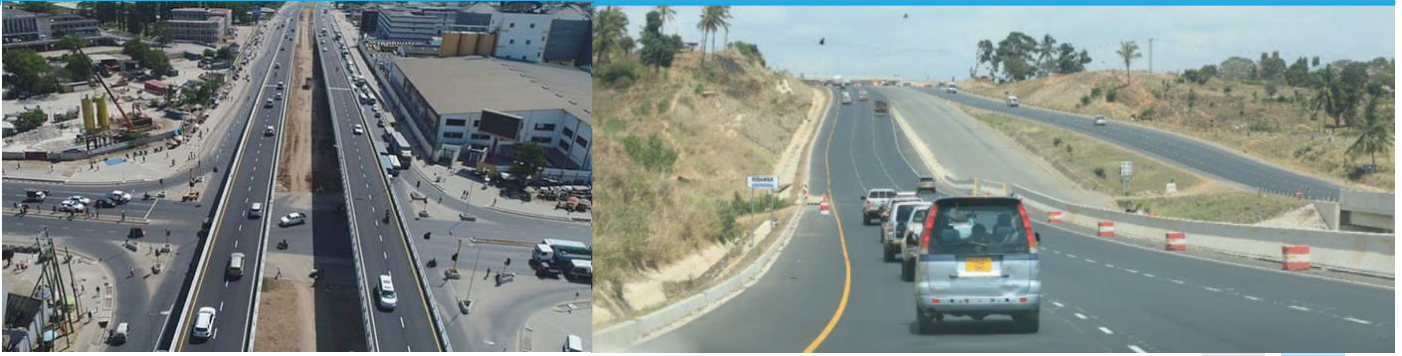

Hon. President, Dr. Samia Suluhu Hassan aboard the SGR train from Dar Es Salaam to the Capital City Dodoma.

'Linking of SGR with TAZARA is Underway'

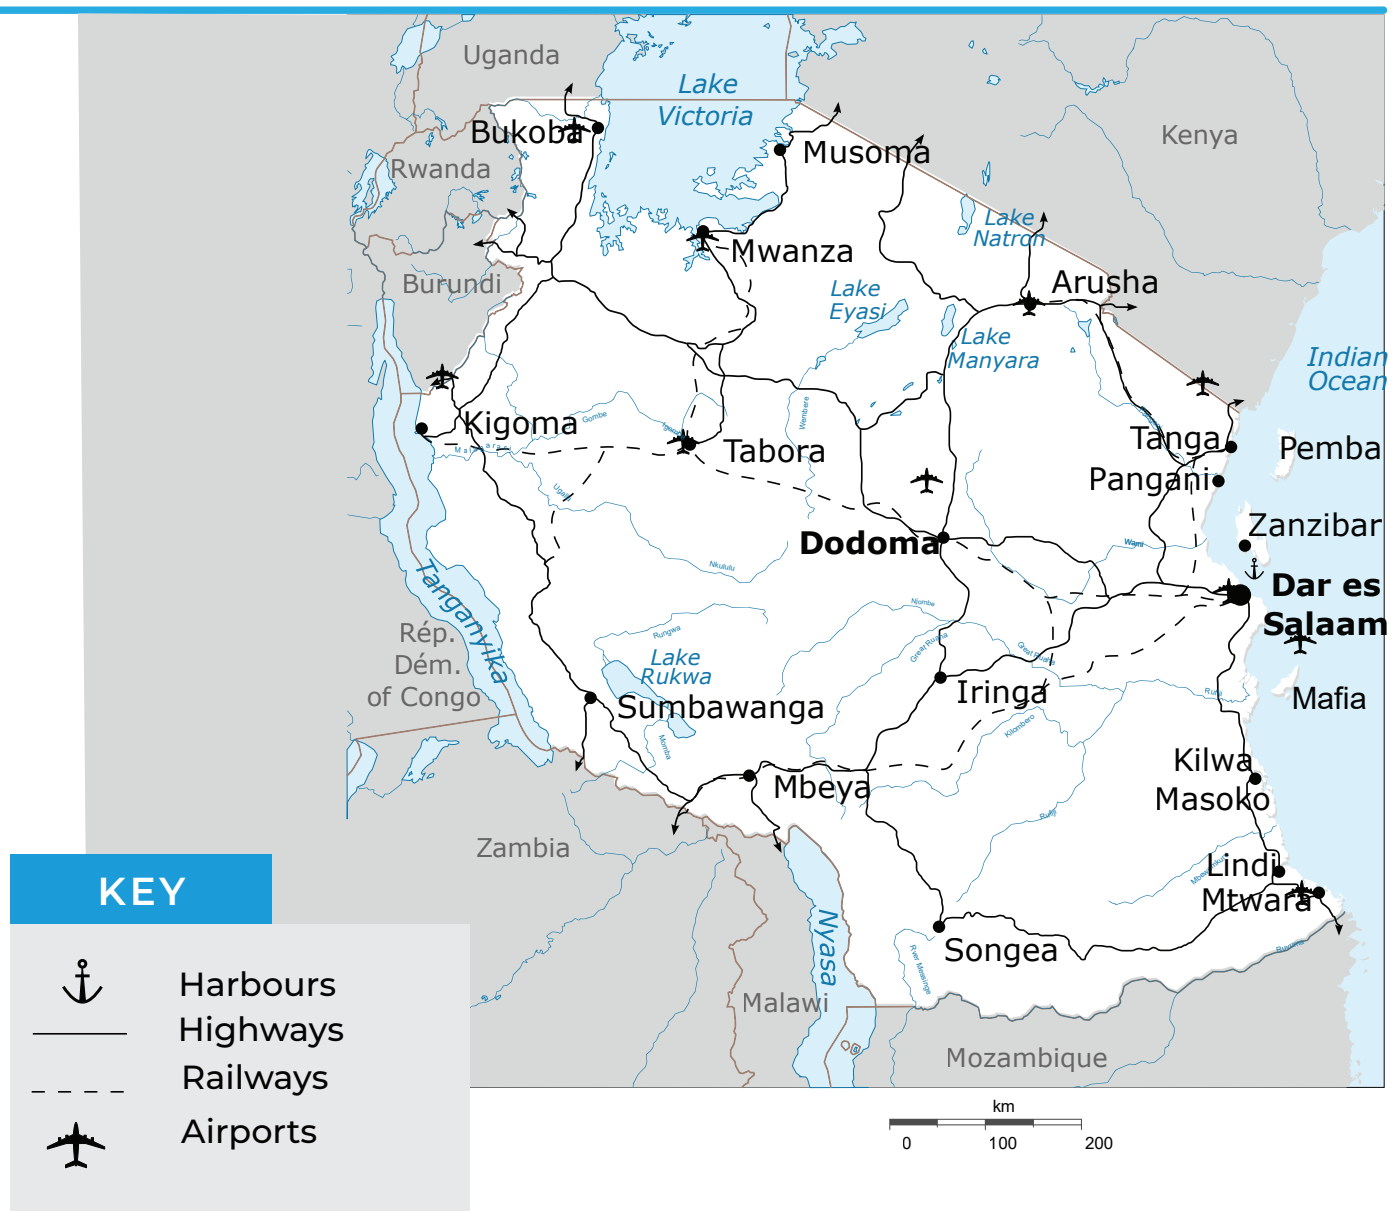

Hon. President Samia Suluhu Hassan has announced that the Government is linking the SGR with TAZARA in order to connect and ease movement of goods and people in the entire region of East Africa and SADC via the two railway lines.

HIGHWAY NETWORKS

- Dar-Es-Salaam - Morogoro - Tunduma highway (leads to Zambia)
- Dar-Es-Salaam - Morogoro - Makambako- Kyela highway (leads to Malawi)
- Dar-Es-Salaam - Chalinze - Arusha- Namanga highway (leads to Kenya)
- Dar-Es-Salaam - Chalinze - Tanga - Horohoro highway (leads to Kenya)
- Dar-Es-Salaam - Chalinze - Kilimanjaro (Holili) highway (leads to Kenya)
- Dar-Es-Salaam - Dodoma -Tabora - Kigoma highway (leads to Burundi and Congo DRC)
- Dar-Es-Salaam - Ddm - Mwz highway (leads to Uganda, Rwanda, Burundi and Kenya)
- Dar-Es-Salaam - Mtwara highway (leads to Mozambique)
- Dar-Es-Salaam - Iringa - Songea highway (leads to Mozambique)

PORTS

Dar Es Salaam Port

Dar es Salaam port is the Tanzania's principal port with a rated capacity of 14.1 million dry cargo and 6.0 million bulk liquid cargo. The Port has a total quay length of about 2,600 metres with eleven deep-water berths. Dar es Salaam port handles about 95% of the Tanzania international trade.

Bagamoyo Port

It is expected to be the largest port in East Africa with a capacity of about 20 million TEUs by 2045, 25 times the amount of cargo that the Dar Es Salaam port handles.

With its strategic location near major shipping routes it holds immense potential to facilitate international trade.

Tanga Port

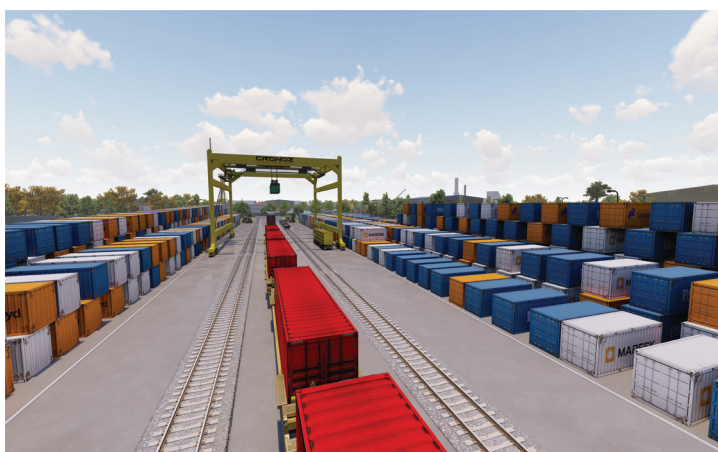

The Tanga port features a contemporary quay wall spanning a total length of 450 meters, encompassing berth one and two.

Kwala Dry Port

The distance from Kwala dry port to Modern Industrial Park is twenty-eight (28) kilometers. It has the capacity of accommodating 3,800 transit containers.

Upcoming Modern Industrial Park Dry Port

The Modern Industrial Park Dry Port has 90,022 m² of land dedicated to be used for loading and off-loading of raw materials and finished goods from the industries. The dry port will have a capacity of accommodating 4000 containers.

This Dry Port is connected to the Standard Gauge Railway (SGR) and will offer a range of services such as customs clearance which will help in streamlining cargo processes. It will play a crucial role in supporting Industrial Park development, fostering trade and promoting economic growth.

PROXIMITY TO TOURIST DESTINATIONS

ZANZIBAR

One of the world's premier tourist and vacation destinations, with more than 50 stunning Islands and beautiful beaches. It's a paradise for anyone who loves nature and culture. Zanzibar's main industries are spices, raffia and tourism, offering great opportunities for investors. Embark on a journey of discovery as you explore the spice-scented trees, vibrant markets and historic land marks such as the iconic house of wonders.

It's truly a sight to behold! The park also offers incredible opportunities for game drives, hot air balloon safaris, and guided walks, allowing you to get-up close and personal with nature.

SERENGETI NATIONAL PARK

It is an absolute gem when it comes to safari tourism. It has breathtaking landscapes, diverse wildlife, and unforgettable experiences, teeming with majestic animals like lions, elephants, giraffes and zebras.

MT. KILIMANJARO

Africa's highest snow-capped mountain and one of the Seven Natural Wonders of Africa. At Mount Kilimanjaro, investors can enjoy mountain climbing, wildlife viewing, bird watching, cycling, and camping. Climbing to the summit of one of the world's tallest peaks is an unforgettable experience that leaves a lasting impression.

RUAHA NATIONAL PARK

Located at the heart of Tanzania, Ruaha National Park offers an extensive wilderness and diverse wildlife. Expanded in 2008 to include the Usangu Game Reserve and other crucial wetlands, the park now covers over 20,000 square kilometers. Just a short distance from bustling Dar-es-Salaam

MIKUMI NATIONAL PARK

Mikumi is one of the most reliable places in Tanzania for animal sightings especially during the dry season. This is the time when wildlife is easier to spot because vegetation is thinner and animals gather around water sources such as Mkata river, hippo pools, Mwanambogo pools and other waterholes.

THE NGORONGORO CRATER

Is a massive volcanic caldera located in the Ngorongoro Conservation Area. It's a UNESCO World Heritage Site and one of Africa's most spectacular natural wonders. The crater is home to a diverse range of wildlife, including lions, elephants, zebras, and even the endangered black rhino. It's also known for its stunning landscapes and panoramic views.

SAADANI NATIONAL PARK

Explore the magic of Saadani National Park, Tanzania's 18th park, spreading over 1,062 square kilometers. It's nestled between the Pangani and Chalinze districts, making it the only wildlife refuge in Tanzania.

Here, you can enjoy both safari and beach experiences in one place. Get ready to see amazing animals while enjoying the beautiful ocean views. Saadani is perfect for anyone who loves nature and adventure.

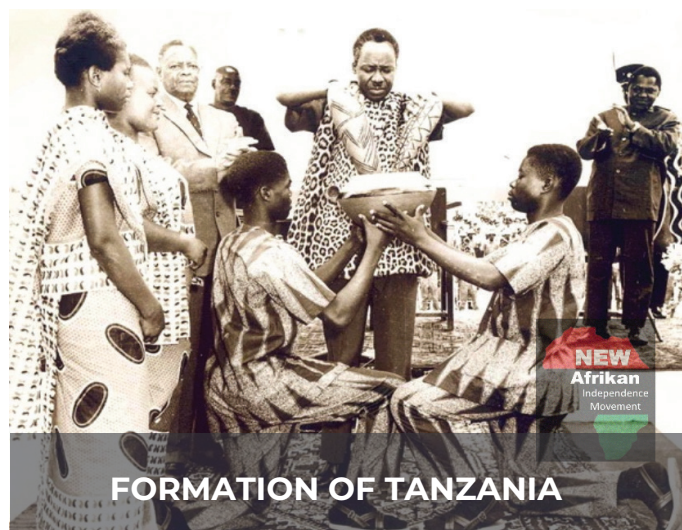

A COUNTRY WITH ENDLESS BENEFITS

Overview of The United Republic of Tanzania

United Republic of Tanzania is located in East Africa between longitudes 29 and 41 East and Latitudes 1 and 12 South.

The country is known for its vast wilderness areas and Africa's most famous tourist attractions. Tanzania is home for 32 Game Reserves and 22 National Parks including Serengeti National Park and Kilimanjaro National Park home of Africa's highest mountain, Kilimanjaro at 5,895 m above sea level.

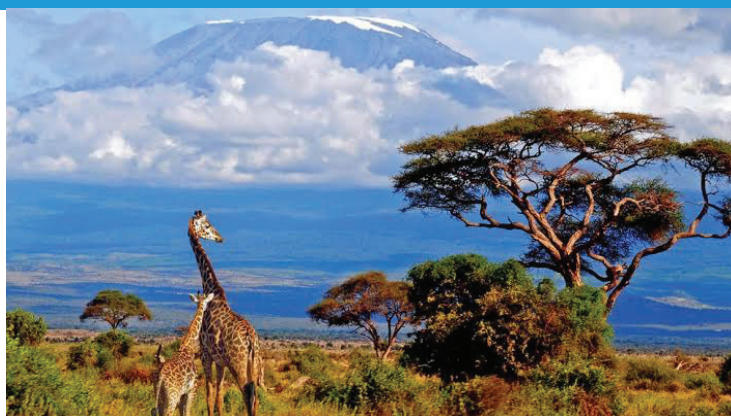

FORMATION OF TANZANIA

Offshore lies the tropical Island of Zanzibar which in 1964 merged with Tanganyika to form the United Republic of Tanzania. Kiswahili and English are the two official languages of Tanzania.

The President of The United Republic of Tanzania Hon. Dr. Samia Suluhu Hassan with The President of Zanzibar, Hon. Dr. Hussein Ally Mwinyi

Benefits of Investing in Tanzania

TANZANIA'S STRONG ECONOMIC GROWTH WITH SUSTAINED PEACE AND POLITICAL STABILITY

Tanzania is a center of economic and political stability in Sub Saharan Africa. Growing at an average of 5.6% per annum by the first quarter of 2024, the country has sustained economic growth and maintains promising projections for 2025 with 6.1%. Stable macroeconomic and political environment have supported this growth performance.

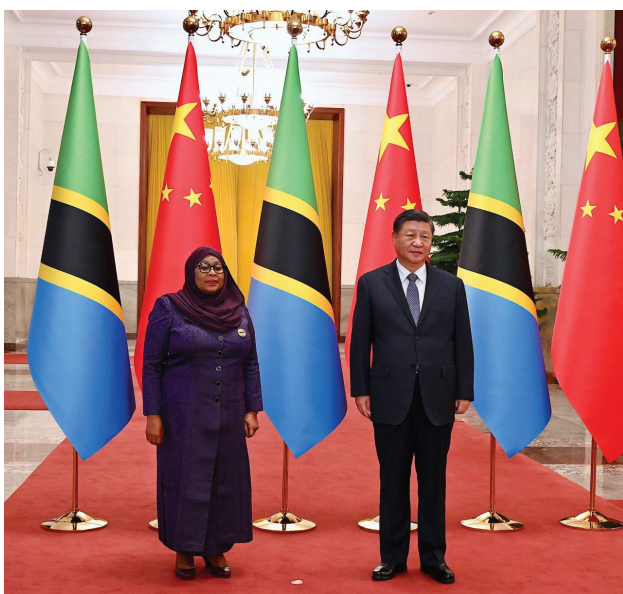

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with Hon. Kamala Harris, Vice President of the United States of America

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with Kenyan President, Hon. Dr. William Ruto.

Tanzania is a peaceful and politically stable country that upholds the tenets of good governance, respect for human rights and the rule of law. The country is free of ideological confrontations, ethnic problems and labour disputes. It is a safe place to do business and respect for people and friendliness are significant elements of the local culture.

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with Chinese President, Hon. Xi Jinping in China.

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with Indian Prime Minister, Hon. Narendra Modi in India.

STRATEGIC GEOGRAPHIC LOCATION

Tanzania represents a crucial trade link with a competitive market access. The country borders the Indian Ocean which has three major ports with 1424 km coastline. Also, It embodies fresh water inland ports around Lakes Victoria, Tanganyika and Nyasa. Tanzania provides access to the landlocked countries of Uganda, Burundi, Rwanda, Zambia, Malawi, Democratic Republic of Congo (DRC) and beyond.

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with The President of Rwanda, Hon. Paul Kagame.

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with SADC Leaders in Zimbabwe.

Tanzania is a member of Southern African Development Community (SADC) free trade area which includes Angola, South Africa, DRC, Mozambique, Zimbabwe, Eswatini, Botswana, Malawi, Lesotho, Madagascar, Mauritius, Namibia, Seychelles, Comoros and Zambia.

Tanzania is also a member of the East African Community (EAC) common market which includes Kenya, Uganda, Rwanda, Burundi, South Sudan, DRC and Somalia. The country's strategic geographic location and membership to the SADC free trade area and the EAC common market guarantees investors a market access of more than 600 million people, a combined Gross Domestic Product (GDP) of approximately \$1 Trillion and a preferential trade link to Asia.

Tanzanian President, Hon. Dr. Samia Suluhu Hassan with East African Community Heads of States and other African Leaders

GOVERNMENT SUPPORT

The pro-business and investment attitude by the government is demonstrated through business and investment friendly legislations, improvement on business environment, macroeconomic stability policies, improvements on infrastructures and services, introduction of industrial parks, attractive incentives to investors and the increasing number of Foreign Direct Investments (FDI) in the country. Tanzania is among the two biggest recipients of FDI in Africa and is a major destination for FDI in East Africa, with global investment flows increasing each year since 2016 and exceeding \$1.0 billion in 2020. According to Tanzania Investment Centre (TIC) the leading sector in attracting capital through investment projects between January and June 2024 was manufacturing which registered 196 projects worth \$1.42 billion while other sectors including transportation, commercial building projects, tourism projects, human resources, health and education projects.

Hon. President, Dr. Samia Suluhu Hassan with Tanzanian business people on a trip to India.

Institutional support for investments is readily available at the Tanzania Investment Center and other government institutions. In addition to implementing reasonable policies, strategic economic initiatives and other domestic initiatives, the 6th Phase of Government under the astute and transformative leadership of Her Excellency President Dr. Samia Suluhu Hassan has been proactive in engaging with the business sector and development partners, and has put special emphasis in cementing regional and international relations. Tanzania ratified the African Continental Free Trade Agreement, further demonstrating a commitment to free trade.

Hon. President, Dr. Samia Suluhu Hassan on a trip to India with Mr. Yussuf Manzi the Director of Kamaka Company Ltd, the Developer of Modern Industrial Park.

GOVERNMENT SUPPORT

1. Mr. Yussuf Manzi the Director of Kamaka Company Ltd, the Developer of Modern Industrial Park shakes hands with Deputy Prime Minister Hon. Dr. Doto Biteko after having a discussion on provision of additional 200 Megawatts of electricity by Tanesco at the Park
2. Modern Industrial Park team with Deputy Speaker Hon. Mussa Azan Zungu during an official visit at the National Assembly.
3. Modern Industrial Park team with the Minister for Planning and Investments Hon. Prof. Kitila Mkumbumbo, Kibaha Rural Constituency Hon. Michael Mwakamo and Iringa Urban Constituency Hon. Jesca Msambatavangu and other members of parliament.
4. Modern Industrial Park team with the Parliament members of Governance, Constitution and Legal Affairs Committee.

PRO BUSINESS NATIONAL TRADE POLICY – 2023

Trade performance is seen as a central and pivotal pillar in the attainment of the mission of the economic sectors towards higher productivity, diversification and international competitiveness. Tanzania's economic take-off depends on how the country makes use of opportunities presented by trade liberalization and globalization.

The policy will play a critical role in aligning infrastructure development and the industrialization process to enhance trade competitiveness through facilitation of effective participation in bilateral, regional and multilateral trade, enhancing export penetration in priority markets and harnessing of bilateral, regional and multilateral trade opportunities.

Deputy Prime Minister, Hon. Dr. Doto Biteko, Minister for Industry and Trade, Hon. Dr. Selemani Jafo (left), Minister for Trade and Industrial Development - Zanzibar, Mr. Omar Said Shaaban (second right) and the Norwegian Ambassador to Tanzania, Ms Tone Tines holding the National Trade Policy 2023 edition during the launching ceremony

INFRASTRUCTURE FACILITIES

Energy, communication and transportation projects like Standard Gauge Railway lines, ports and airports are underway aiming to boost the country's overall development and create a more connected and efficient economy.

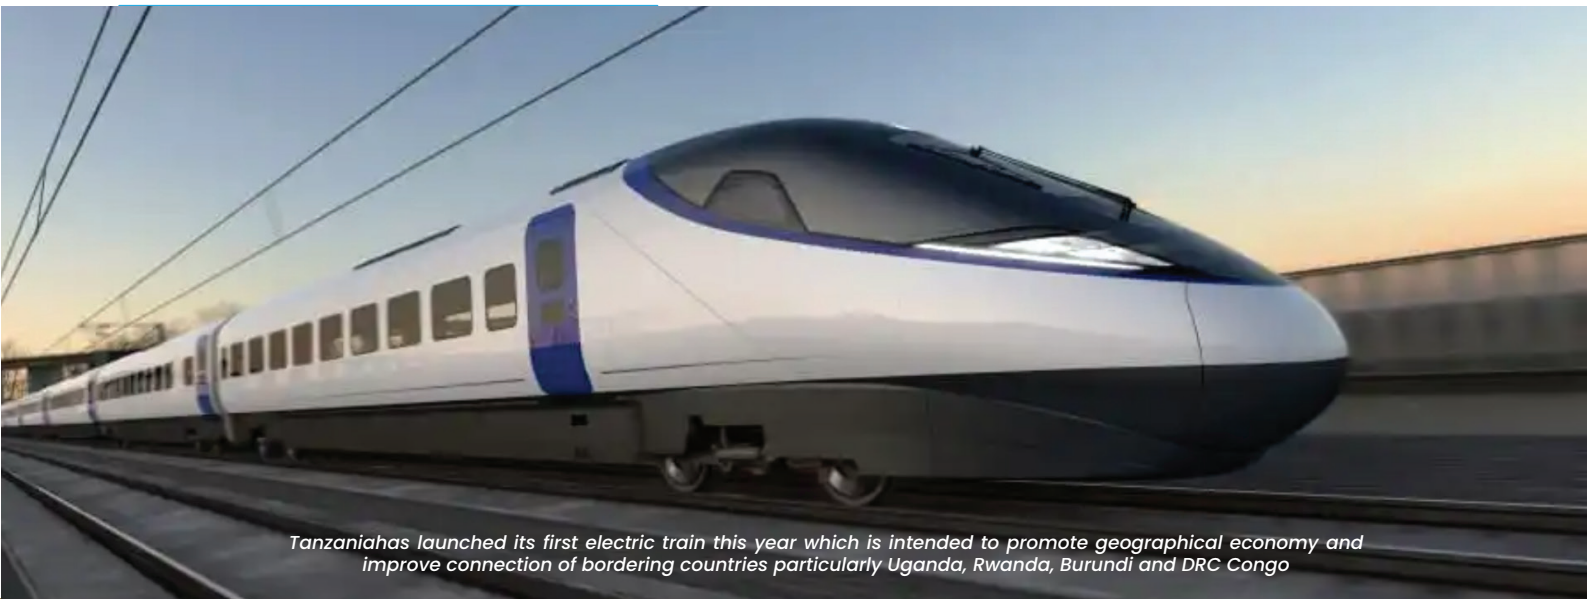

In addition to the existing good infrastructures, Tanzania is implementing significant roads and standard gauge railway projects that link the country to East Africa and SADC regions. These infrastructure developments facilitate trade and provide necessary ground work for industrial and economic activities.

The Julius Nyerere Hydropower Project to add 2,115 Megawatts of Electricity in the National Grid in 2024

INFRASTRUCTURE FACILITIES

Tanzania has launched its first electric train this year which is intended to promote geographical economy and improve connection of bordering countries particularly Uganda, Rwanda, Burundi and DRC Congo

Tanzanian Vice President, Hon. Dr. Philip Isidor Mpango aboard the SGR train from the Capital City Dodoma to Dar Es Salaam.

INVESTMENT GUARANTEES

Tanzania is a signatory of several multilateral agreements on the protection and promotion of foreign investments, thus investments in Tanzania are guaranteed against any form of expropriation. Tanzania has laws and institutions in place for protection of intellectual property rights.

MEMBERSHIP

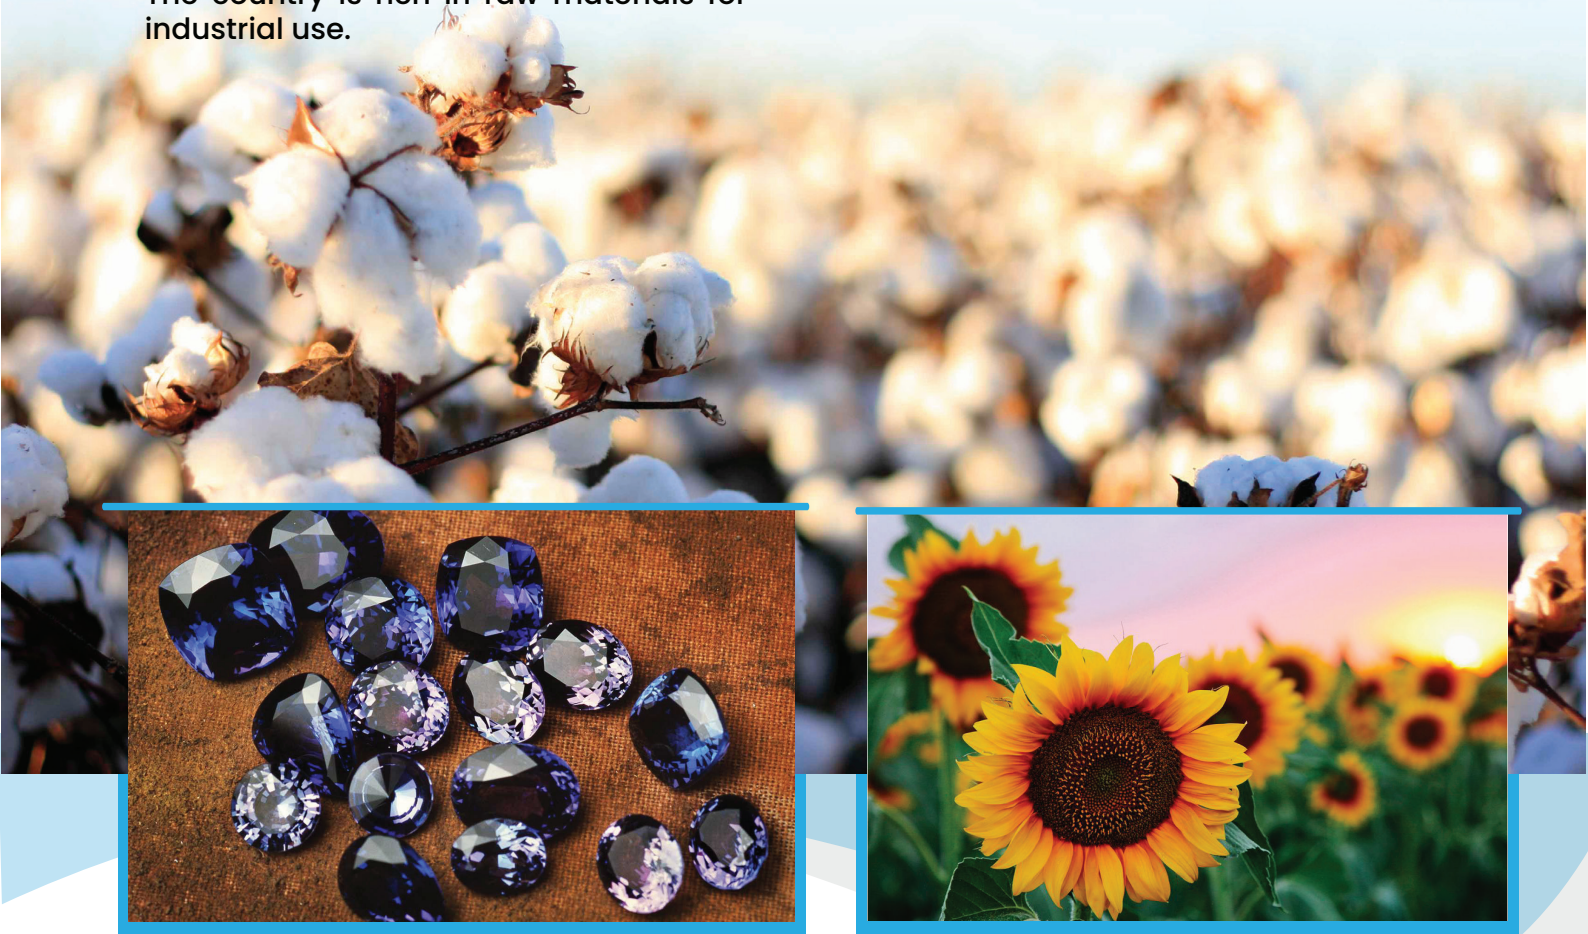

- United Nation Commission on International trade law (UNCITRAL)
- United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Award (New York Convention)
- Multilateral Investments Guarantee Agency (MIGA)
- Africa Trade Insurance Agency (ATIA)
- Convention on Settlement of Investment Disputes (ICSID Convention)
- Bilateral Investment Treaties (BITs)

- Contracting states to the ICSID convention
- Signatory states to the ICSID convention

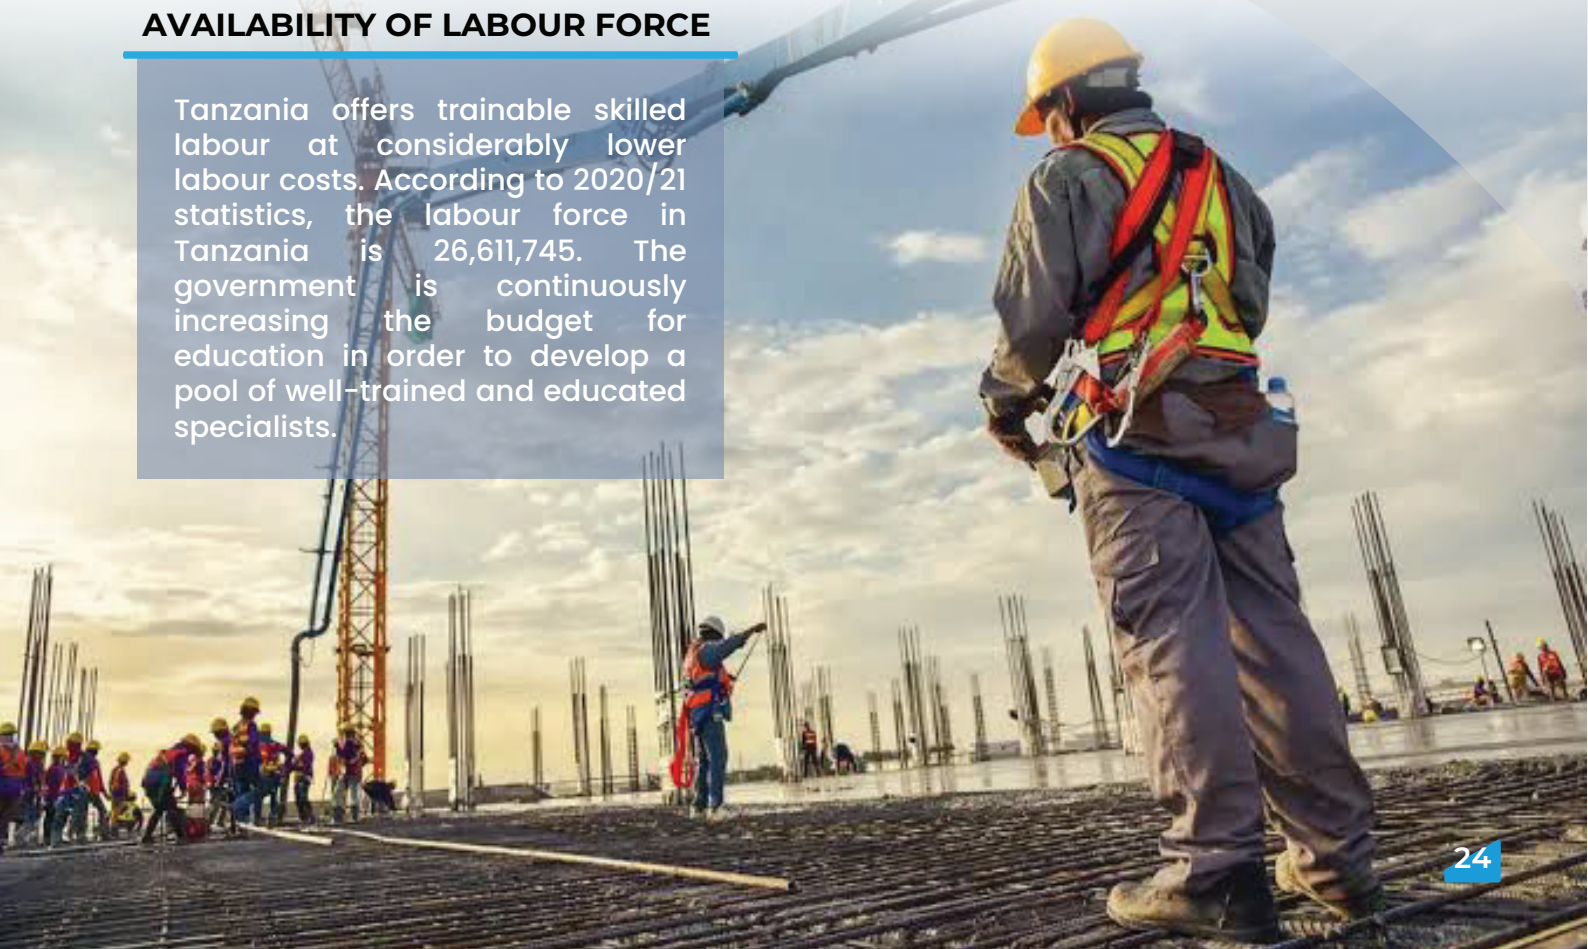

AVAILABILITY OF RAW MATERIALS

The country is rich in raw materials for industrial use.

AVAILABILITY OF LABOUR FORCE

Tanzania offers trainable skilled labour at considerably lower labour costs. According to 2020/21 statistics, the labour force in Tanzania is 26,611,745. The government is continuously increasing the budget for education in order to develop a pool of well-trained and educated specialists.

INCENTIVES PROVIDED TO INVESTORS

TANZANIA INVESTMENT CENTER (TIC)

TIC administers as a One Stop Facilitation Centre (OSFC) that hosts 12 Public Institutions under one roof.

The Centre provides aftercare services, monitoring and evaluation of the projects and facilitates investors to obtain all necessary permits, licenses, approval, consents, authorization, registrations, facilitation to obtain Certificates of Incentives; Company Registration, Land Acquisition; Issuing Derivative Rights, Tax Identification Number (TIN) and Tax Exemption; National Identity for Non-citizens, and other compliance matters required by laws to set up and operate an investment in the Country.

Investment Incentives
